### SCHOOL JURISDICTION MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The financial statements of Westwind School Division No. 74 presented to Alberta Education have been prepared by school jurisdiction management which has responsibility for their preparation, integrity and objectivity. The financial statements, including notes, have been prepared in accordance with Canadian Public Sector Accounting Standards and follow format prescribed by Alberta Education.

In fulfilling its reporting responsibilities, management has maintained internal control systems and procedures designed to provide reasonable assurance that the school jurisdiction's assets are safeguarded, that transactions are executed in accordance with appropriate authorization and that accounting records may be relied upon to properly reflect the school jurisdiction's transactions. The effectiveness of the control systems is supported by the selection and training of qualified personnel, an organizational structure that provides an appropriate division of responsibility and a strong system of hydrotaxy certical. system of budgetary control.

Board of Trustees Responsibility

The ultimate responsibility for the financial statements lies with the Board of Trustees. The Board reviewed the audited financial statements with management in detail and approved the financial statements for release.

The Board appoints external auditors to audit the financial statements and meets with the auditors to review their findings. The external auditors were given full access to school jurisdiction records.

Declaration of Management and Board Chair

To the best of our knowledge and belief, these financial statements reflect, in all material respects, the financial position, results of operations, remeasurement gains and losses, changes in net financial assets (debt), and cash flows for the year in accordance with Canadian Public Sector Accounting Standards.

To the Board of Trustees of the Westwind School Division No.74

We have audited the accompanying financial statements of Westwind School Division No.74, which comprise the statement of financial position as at August 31, 2018, and the statements of operations, change in net debt, remeasurement gains and losses, and cash flows for the year ended August 31, 2018 and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Westwind School Division No.74 as at August 31, 2018, and the results of its operations, changes in its net debt, remeasurement gains and losses, and its cash flows for the year ended August 31, 2018 in accordance with Canadian public sector accounting standards.

NOTES TO THE FINANCIAL STATEMENTS For the year ended August 31, 2018

### 1. AUTHORITY AND PURPOSE

Westwind School Division No. 74 (the Division) delivers education programs under the authority of the School Act, Revised Statutes of Alberta 2000, Chapter S-3.

The Division receives funding for instruction and support under Education Grants Regulation (AR 120/2008). The regulation allows for the setting of conditions and use of grant monies. The Division is limited on certain funding allocations and administration expenses.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These financial statements have been prepared in accordance with the CICA Canadian public sector accounting standards (PSAS). The financial statements have, in management's opinion, been properly prepared within reasonable limits of materiality and within the framework of the accounting policies summarized below:

a) Cash and Cash Equivalents

Cash and cash equivalents include cash and investments that are readily convertible to known amounts of cash and that are subject to an insignificant risk of change in value. These short-term investments have a maturity of three months or less at acquisition and are held for the purpose of meeting short-term cash commitments rather than for investing.

b) Accounts Receivable

Accounts receivable are shown net of allowance for doubtful accounts.

c) Portfolio Investments

The Division has investments in GIC's that have a maturity of greater than 3 months. GIC's not quoted in an active market are reported at cost or amortized cost.

### d) Tangible capital assets

The following criteria applies:

- Tangible capital assets acquired or constructed are recorded at cost which
  includes amounts that are directly related to the acquisition, design, construction,
  development, improvement or betterment of the asset. Cost also includes
  overhead directly attributable to construction as well as interest costs that are
  directly attributable to the acquisition or construction of the asset.
- Donated tangible capital assets are recorded at their fair market value at the
  date of donation, except in circumstances where fair value cannot be
  reasonably determined, when they are then recognized at nominal value.
  Transfers of tangible capital assets from related parties are recorded at original
  cost less accumulated amortization.
- Work-in-progress is recorded as a transfer to the applicable asset class at substantial completion.
- Buildings include site and leasehold improvements as well as assets under capital lease.
- Sites and buildings are written down to residual value when conditions indicate
  they no longer contribute to the ability of the Division to provide services or when
  the value of future economic benefits associated with the sites and buildings is
  less than their net book value. For supported assets, the write-downs are
  accounted for as reductions to Expended Deferred Capital Revenue.
- Buildings that are demolished or destroyed are written-off.
- Tangible capital assets with costs in excess of \$5,000 are capitalized.

NOTES TO THE FINANCIAL STATEMENTS For the year ended August 31, 2018

### d) Tangible capital assets, continued

- Leases that, from the point of view of the lessee, transfer substantially all the benefits and risks incident to ownership of the property to the Board are considered capital leases. These are accounted for as an asset and an obligation. Capital lease obligations are recorded at the present value of the minimum lease payments excluding executor costs, e.g., insurance, maintenance costs, etc. The discount rate used to determine the present value of the lease payments is the lower of the Division's rate for incremental borrowing or the interest rate implicit in the lease.
- Tangible capital assets are amortized over their estimated useful lives on a straight-line basis, at the following rates;

Equipment and furnishings 5 years
Vehicles & Buses 5 to 10 years
Buildings 25 to 50 years

### e) Deferred Revenue

Deferred revenue includes contributions received for operations which have stipulations that meet the definition of a liability per Public Sector Accounting Standard (PSAS) PS 3200. These contributions are recognized by the Division once it has met all eligibility criteria to receive the contributions. When stipulations are met, deferred revenue is recognized as revenue in the fiscal year in a manner consistent with the circumstances and evidence used to support the initial recognition of the contributions received as a liability.

Deferred revenue also includes contributions for capital expenditures, unexpended and expended:

### a. <u>Unexpended Deferred Capital Revenue</u>

Unexpended Deferred Capital Revenue represent externally restricted supported capital funds provided for a specific capital purpose received or receivable by the Division, but the related expenditure has not been made at year-end. These contributions must also have stipulations that meet the definition of a liability per PS 3200 when expended.

### b. Expended Deferred Capital Revenue

Expended Deferred Capital Revenue represent externally restricted supported capital funds that have been expended but have yet to be amortized over the useful life of the related capital asset. Amortization over the useful life of the related capital asset is due to certain stipulations related to the contributions that require the Division to use the asset in a prescribed manner over the life of the associated asset.

### f) Employee Future Benefits

The Division provides certain post-employment benefits including vested and non-vested benefits for certain employees pursuant to certain contracts and union agreements.

The Division accrues its obligations and related costs including both vested and non-vested benefits under employee future benefit plans. Benefits include defined-benefit retirement plans, vested or accumulating sick leave, early retirement, retirement/severance, job-training and counseling, post-employment benefit continuation, vacation, overtime, death benefits, and various qualifying compensated absences.

NOTES TO THE FINANCIAL STATEMENTS For the year ended August 31, 2018

g) Operating and Capital Reserves

Certain amounts are internally or externally restricted for future operating or capital purposes. Transfers to and from reserves are recorded when approved by the Board of Trustees. Capital reserves are restricted to capital purposes and may only be used for operating purposes with approval by the Minister of Education. Reserves are disclosed in the Schedule of Changes in Accumulated Surplus.

h) Revenue Recognition

Revenues are recorded on an accrual basis. Instruction and support allocations are recognized in the year to which they relate. Fees for services related to courses and programs are recognized as revenue when such courses and programs are delivered.

Volunteers contribute a considerable number of hours per year to schools to ensure that certain programs are delivered, such as kindergarten, lunch services and the raising of school generated funds. Contributed services are not recognized in the financial statements.

Eligibility criteria are criteria that the Division has to meet in order to receive certain contributions. Stipulations describe what the Division must perform in order to keep the contributions. Contributions without eligibility criteria or stipulations are recognized as revenue when the contributions are authorized by the transferring government or entity. Contributions with eligibility criteria but without stipulations are recognized as revenue when the contributions are authorized by the transferring government or entity and all eligibility criteria have been met.

Contributions with stipulations are recognized as revenue in the period the stipulations are met, except when and to the extent that the contributions give rise to an obligation that meets the definition of a liability in accordance with Section PS 3200. Such liabilities are recorded as deferred revenue. The following items fall under this category:

- Non-capital contributions for specific purposes are recorded as deferred revenue and recognized as revenue in the year the stipulated related expenses are incurred;
- Unexpended Deferred Capital Revenue; or
- Expended Deferred Capital Revenue.

i) <u>Expenses</u>

Expenses are reported on an accrual basis. The cost of all goods consumed and services received during the year is expensed.

### Allocation of Costs

- Actual salaries of personnel assigned to two or more programs are allocated based on the time spent in each program.
- Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
- Supplies and services are allocated based on actual program identification.

### j) <u>Pensions</u>

Pension costs included in these statements comprise the cost of employer contributions for current service of employees during the year.

The current and past service costs of the Alberta Teachers Retirement Fund are met by contributions by active members and the Government of Alberta. Under the terms of the Teachers Pension Plan Act, the Division does not make pension contributions for certificated staff. The Government portion of the current service contribution to the Alberta Teachers Retirement Fund on behalf of the Division is included in both revenues and expenses. For the school year ended August 31, 2018, the amount contributed by the Government was \$2,731,051 (2017 - \$2,681,280).

The school board participates in a multi-employer pension plan, the Local Authorities Pension Plan, and does not report on any unfunded liabilities. The expense for this pension plan is equivalent to the annual contributions of \$868,267 for the year ended August 31, 2018 (2017 - \$876,820). At December 31, 2017, the Local Authorities Pension Plan reported a surplus of \$4,835,515,000 (2016 deficiency of \$637,357,000).

### k) Program Reporting

The Division's operations have been segmented as follows:

- ECS-Grade 12 Instruction: The provision of Early Childhood Services education and grades 1 12 instructional services that fall under the basic public education mandate.
- Plant Operations and Maintenance: The operation and maintenance of all school buildings and maintenance shop facilities.
- **Transportation:** The provision of regular and special education bus services (to and from school), whether contracted or board operated, including transportation facilities.
- **Board & System Administration**: The provision of board governance and system-based / central office administration.
- External Services: All projects, activities, and services offered outside the public education mandate for ECS children and students in grades 1-12. Services offered beyond the mandate for public education are to be self-supporting, and Alberta Education funding may not be utilized to support these programs.

The allocation of revenues and expenses are reported by program, source, and object on the Schedule of Program Operations. Respective instruction expenses include the cost of certificated teachers, non-certificated teaching assistants as well as a proportionate share of supplies & services, school administration & instruction support, and System Instructional Support.

NOTES TO THE FINANCIAL STATEMENTS For the year ended August 31, 2018

### 1) Scholarship Endowment Funds

Contributions and income pertaining to scholarship endowment funds are recognized on the Statement of Operations and must be held in perpetuity in accordance with the agreement with the donor. Provisions of the agreement require that the principal balance is maintained. The income may be disbursed for the purposes of the scholarship. Undisbursed funds earned on endowment principal are recognized as deferred revenue or as revenue in the year to the extent that stipulations have been met.

Unrealized gains and losses associated with the endowment are recorded in the Statement of Remeasurement Gains and Losses.

### m) Financial Instruments

A contract establishing a financial instrument creates, at its inception, rights and obligations to receive or deliver economic benefits. The financial assets and financial liabilities portray these rights and obligations in the financial statements. The Division recognizes a financial instrument when it becomes a party to a financial instrument contract.

Financial instruments consist of cash and cash equivalents, accounts receivable, short term investments, accounts payable and accrued liabilities, debt and other liabilities. Unless otherwise noted, it is management's opinion that the Division is not exposed to significant credit and liquidity risks, or market risk, which includes currency, interest rate and other price risks.

### n) Measurement Uncertainty

The precise determination of many assets and liabilities is dependent on future events. As a result, the preparation of financial statements for a period involves the use of estimates and approximations, which have been made using careful judgment. Actual results could differ from those estimates. Significant areas requiring the use of management estimates relate to the potential impairment of assets, rates for amortization and estimated employee future benefits.

### o) Change in Accounting Policy

The division has prospectively adopted the following standards from September 1, 2017: PS 3210 Assets, which are reflected in Schedule 6 and PS2200 Related Party Disclosures, which are reflected in Note 14.

### p) Future Accounting Changes

The Public Sector Accounting Board has issued the following accounting standards:

### PS 3430 Restructuring Transaction (effective April 1, 2018)

This standard provides guidance on how to account for and report restructuring transactions by both transferors and recipients of assets and/or liabilities, together with related program or operating responsibilities.

### PS 3280 Asset Retirement Obligations (effective April 1, 2021)

Effective April 1, 2021, this standard provides guidance on how to account for and report a liability for retirement of a tangible capital asset.

Management is currently assessing the impact of these standards on the financial statements.

### 4. PORTFOLIO INVESTMENTS

### Southern Alberta Wind Farm Project

The Division, along with two other school jurisdictions, has invested in the Southern Alberta Wind Farm project for a total project cost of \$6,400,000. The provincial government has contributed \$3,200,000 of matching funds towards the project, with Westwind School Division No. 74 contributions totaling \$1,091,840. The investment will be repaid over 20 years including interest. The principal amount outstanding at year end is \$1,158,231 (2017 - \$1,267,569).

Principal repayments in each of the next five fiscal years and beyond are as follows:
